This course can provides you with the ideal way to improve your confidence and clinical practice skills!

The highly experienced teaching team is lead by: Anne Evans-Murray

The course is taught by Anne Evans Murray, a highly experienced and qualified clinical nurse educator and nurse academics. Anne is the author of the highly successful ECG book, "ECGs Simply" and "Interpretation of Chest X-rays Simply", and "Uncomplicating Life, Simply". Anne is a highly regarded clinical cardiac educator. She has worked extensively throughout Australia and internationally in New Zealand. She teaches a broad range of clinical nursing topics including acute nursing practices, high dependency, coronary and critical care, emergency nursing, clinical teaching and learning, and professional counselling courses to a broad range of health professionals. Her supportive teaching approach encourages students to develop greater clinical knowledge and confidence and most importantly, the ability to apply this knowledge to clinical practice.

CREDIT, ENDORSEMENT & ACCREDITATION

This course receives the following credits, endorsement and accreditation.
